

Colin Hunters Senior Soccer Season

By: Mallory Erickson

Senior Colin Hunter is a starter on the Perry boys soccer team. Last year he played soccer along with baseball, Colin is not playing baseball his senior year to focus more on soccer. Colin has been playing soccer for about 14 years now, he started playing when he was 3 years old. One reason why Colin wants to focus on soccer more is that he wants to play soccer in college. Colin wishes he put more time into soccer in his middle school years going into high school, so he could be better than he is at the moment. Colin knows that he has the potential to be a better soccer player than he is at the moment, and is continuing to work on his soccer career in the future. Colin's favorite part about his senior season was making the winning goal against Chardon. Colin felt very accomplished by the end of the game, and was happy he was able to help out his team. One sport Colin wanted to try that he's not involved in is basketball. Colin stated, "I wanted to play basketball, but since I live so far away from the school I'm only allowed to do so many after school activities." Colin is not only in soccer though, but he is also involved in marching band, concert band, and theater. So taking on basketball as well would be a lot knowing that he lives like an hour away from the school. Colin has had a tremendous senior season and has a bright future in soccer ahead of him, and will accomplish many things. With all the feedback he gets from his coaches and teammates, he will be able to improve a lot for the upcoming years.
