

1000 points

By Kyleigh Martin

Jacob Cubbinson is a basketball player at Perry High School, and he is very talented at what he does. Cubbinson hit 1000 points on January 7th; but that's not where Cubbinson started with his achievements. In 2017 Cubbinson scored 2nd place in his CVC league, a huge accomplishment for a sophomore.

Not only did Cubbinson have his parents supporting him, but he also had a great list of friends to help him get to this achievement. Cubbinson was asked who he would like me to interview. Owen Tomisaic was his first pick. Tomiasic and Cubbinson have been playing together for years. Tomisaic said, "I definitely feel accomplished that my friend and teammate had made this huge accomplishment." Tomisac is a senior, same as Cubbinson.

Charlie Rockwell. Rockwell is also a senior. Rockwell stated, "I hope Cubby takes this accomplishment and moves forward with playing basketball"

Brayden Richards is a Junior at Perry Highschool, Richards also had his own statements to say, "I believe that this accomplishment was definitely a competition between Nate, his older brother."

Jacob Cubbinson is the man who made this achievement happen! Cubbinson says, "I was focused on a deep playoff run when I earned this award." Cubbinson wants to go to college and get a 4-year degree in Engineering. Cubbinson says, "I look up to everybody in their own way, I can see all of my teammates getting this same award as well." Cubbinson is not sure if he is going to pursue basketball at a collegiate level.
