

The Non-Fit Father

By: Kyleigh Martin

Javion Milan is a twenty-four-year-old man who thought he was ready for a child, but what you'll read may make you think differently. Milan's son was only four months old when he was found unresponsive. On August 31, 2021, the baby was found not breathing and unconscious. This baby was named Genesis Milan; baby Milan was taken to Mercy Medical Center in Cleveland, Ohio. Just about ten days later the poor little baby passed away. They marked it as a homicide. The warrant went out for Javion Milan about a month later. Many of the Canton, Ohio, police started investigating this situation with caution. "Members of Canton Police Department County Prosecutor's office, and Stark County Sheriff's Office worked diligently this past year to bring charges against this suspect," said US Marshal Pete Elliot.

The police department was very active with this huge problem. They finally came out to the press about what happened; they claimed he was a murderer, felonious assaultist, and an endangerment to children. "Crimes against children are always especially heinous and members of our task force will work to ensure that people who commit such crimes are removed from society," US Marshal Pete Elliot brings up. Milan was marked as a Ohio Violent Fugitive. In the end Milan was finally arrested for murdering his own child, he was found outside his workplace on Oct. 13, 2022. The jury indicated him as a murderer, and Javion Milan was put in jail on. We hope children everywhere will be safe; now that one bad guy is away, we shall hope for more dangerous people to be locked up for life.
